

Warhammer Underworlds: Wyrdhollow – Voidcursed Thralls Rivals Deck (Inglés)

Solo en inglés. A curious affliction has been observed in Wyrdhollow – The energy from loosed Realmshaper Engines is striking living creatures and altering them to some unknown purpose. More sinister still, those affected appear to lose their volition, becoming vessels for a power and will not their own. While little is known about these emotionless Voidcursed Thralls, what is certain is that they are entirely devoted to their mysterious cause, forgoing sleep, safety, and in some cases survival. Those who seek to prevent or defeat them risk falling prey to the same

cosmic hex, their flesh being slowly claimed by the star-dotted blackness of the Void itself, until they are little more than silhouettes. Get stuck into Warhammer Underworlds or mix up your game with the complete Voidcursed Thralls Rivals deck, usable by any warband – including those from past seasons. These cards can be used as a standalone deck in Rivals games, mixed with a warband's unique cards for Nemesis games, or used to build a deck from the ground-up in Relic games. This deck doesn't include any spells, so warbands from any season can put it to good use. Each card is brand new to the game, focused on making your fighters Voidcursed so they can unleash hidden powers. Aggressive warbands with numerous fighters such as the Grinkrak's Loomncourt, The Headsmen's Curse, and Ephelim's Pandemonium will find Voidcursed Thralls particularly suited to their play style.
